

MEDIA RELEASE

June 2nd 2008

GIVE YOUR DAD AN EXTRA WEEK'S HOLIDAY A YEAR!

The best Father's Day Gift ever – give him some time!

An average man spends around 36 hours, or a full working week, shaving each year.

Thanks to new advanced technology in skin treatments, men can now free themselves of that constant battle against thick stubby chin growth.

So a gift voucher for quick and easy treatment for permanent hair reduction could be the perfect surprise for the modern father.

The White Light Skin Clinics across the UK offer £100, £50, £20 and £10 gift vouchers for Fathers Day which can be put towards one chin treatment (£55) or towards a full course of 6 treatments (£275). www.white-light.com
