Range highlights

NUTRI-CAPILARIL Intensive Nourishing Cream £22

From Pharmaceris N range for treatment of dilated capillaries and thread veins, this highly nourishing cream is recommended as a protective cream for winter. With peanut oil, Rutin, Vitamin C, Allantoin and Arnica, it effectively reduces skin redness, prevents irritation and helps to revitalise tired skin.

FOLIACTI Stretch mark preventing cream £32

Developed especially for pregnant women to strengthen skin weakened by sudden weight gain, this cream uses Folic Acid to actively stimulate fat tissue metabolism and prevent fat deposits of area at risk of stretch mark formation. Phytocomplex of amino acids, saponins and alkaloids slims and oxygenates areas prone to stretch marks.

MAXIMA-SENSILIUM Cream £21

Providing immediate soothing and effective relief to red, irritated skin, this cream from Pharmaceris A range contains D-Panthenol, Canola Oil and Allantoin to regenerate the skin and reduce hypersensitivity. Perfect for sensitive, allergy-prone skin.

ALBUCIN-MAXIMA Intensive skin lightening cream £22.50

This cream contains a triple action complex to help lighten the skin and reduce the appearance of age spots and hyperpigmentation. Papain helps accelerate exfoliation of the outer, discoloured layer of the epidermis and facilitate penetration of other active ingredients, including Vitamin E.

DestinationSkin offers a wide range of the latest proven non-surgical treatments for younger looking skin and smoother clearer complexions, provided by expert consultants in modern, comfortable high street locations. Laser, IPL, infrared and injectable technologies are used for a wide range of treatments including laser hair removal; infrared skin tightening; red and blue vein removal; skin imperfections removal; acne and problem skin treatment; sun damage and age spots removal; wrinkle relaxing injections; skin fillers; non-surgical face lifts; anti-ageing collagen boosters; microdermabrasion, skin peels and resurfacing.
