

## **NATURALLY BEAUTIFUL SKIN TREATMENTS**

### **FOR THE PERFECT WEDDING DAY**

**Looking good for that special day means more than the perfect dress, beautiful nails, lovely hair and clever make up. To ensure your natural radiance shines through, you need the healthiest, most beautiful skin you can achieve.**

Many brides and grooms are looking at the new skin treatments that are being introduced in the UK and White Light Skin Clinics are one of the leaders in this field. Fully authorised by the Health Care Commission, they are being hailed as a major breakthrough in the medical, health and beauty world.

The clinics specialise in a wide range of non-invasive cosmetic procedures, skin treatments and beauty therapies designed to restore that wonderful youthful glow of naturally beautiful skin.

Many of their treatments are based on Intense Pulsed Light (IPL), a revolutionary new therapy which uses a broad spectrum of light emitted in short pulses to gently treat a wide variety of conditions to bring proven long lasting results.

IPL has been proven to be effective for a range of treatments including:

- **Skin revitalisation** – The flexibility of IPL means it can be used to great effect on specific areas such as neck or hands or your entire face to boost collagen and improve tone and texture, resulting in even-toned, young looking fresh skin.
- **Hyperpigmentation and sun damage** – IPL treatment is the perfect solution to reduce irregular skin tone and get rid of uneven, coloured patches.
- **Facial and leg red veins** – working below the surface, pulses of filtered light released by IPL target and destroy the cause of the problems; tiny blood vessels which are re-absorbed into the body to leave a clear, blemish-free skin.
- **Rosacea and acne**. IPL treatments can be used in a number of specific conditions to bring effective, long lasting results
- **Age spots** – a course of treatments can target unsightly blemishes, breaking down the excessive melanin into smaller particles which are then naturally shed.
- **Goodbye to shaving** – White Light offers a fast and long-term solution to hair reduction; using a broad spectrum of filtered light to destroy the specific cells responsible for hair growth; leaving skin soft and smooth and dramatically reducing future regrowth.

The White Light Clinics also offer a number of other treatments and therapies including in-depth skin analysis, skin peels, fillers and wrinkle relaxing treatments plus a range of advanced skin care and cosmetic products such as the exclusive SkinCeuticals skin care range and the mineral based Susan Posnick cosmetics.

Individual programmes for brides and grooms are provided to ensure the best possible results for the important day and you can be sure of total confidence and professionalism - the staff at the Clinics are all fully qualified and highly experienced clinical practitioners and the Clinics are fully registered by the Healthcare Commission. The Clinics are happy to offer bridal parties full free initial consultations but warn that for the best results, a series of treatments is usually necessary, so don't leave things until the last minute! Visit [www.white-therapy.com](http://www.white-therapy.com) for more details.
